

Notice

Be aware of scam emails pretending our president

November 25, 2022

Mitsubishi Kakoki Kaisha, Ltd.

Recently we are reported about scam emails pretending our president, which have been delivered by a third party irrelevant to us.

As far as we are aware, these scam emails pretend to make up fake important proposal, and ask for contact with us etc.

These scam emails have nothing to do with us. Therefore, if you happen to receive any of such scam or suspicious emails, please be careful not to respond or send any personal information.

If you would like to confirm whether an email you received is duly delivered from our company or not, please contact us by filling out the form in “Contact Us” of our website. (<https://www.kakoki.co.jp/english/inquiry/index.html>)
